Reynolds, William

From: Gary Feuz [gary@feuz.com]
Sent: Saturday, July 17, 2004 2:23 PM
To: Williams, Shawnell (GE Infra, Energy)
Cc: pastorepa@mltw.com
Subject: Feuz Violation of GE's IP Rights

Dear Shawnell,

I first want to express my gratitude for GE's willingness to pay all outstanding invoices which I truly appreciate. Since receiving your Cease and Desist Notification, Feuz Manufacturing understands the seriousness of the violations and has fully complied with your requests and will continue to adhere to all of your requests going forward. We do however need clarification on specific requirements and we need to also address Feuz's use of GE's Intellectual Property in the course of doing business in the future. We have learned an invaluable lesson from our past carelessness and will never again engage in the misuse of GE's property or use it in any unauthorized manner whatsoever.

GE property presently in our possession includes (5) GE Document Access and Retrieval Tokens and several thousand GE drawings and specifications. We do not believe to have any other property of GE's such as consigned tooling, fixturing, material or equipment presently in our possession. We need to know details including the location and to whom to return the property in our possession.

Item 1 of your request includes the return of "all work in process", please provide a clear definition of what you mean by this.

I will provide you with a letter as requested in item 2 along with the names and addresses you request in item 3.

We have existing purchase orders from GE and GE's first-tier suppliers that require the use of GE drawings (IP) that will be needed beyond July 22, 2004 in order to fulfill those orders. We need to discuss the terms and conditions for using GE drawings for that purpose as well as our ability to continue business with GE's direct suppliers in the future.

Feuz would also like to know the status of GE's Vendor Managed Inventory (VMI) finished goods in our possession as well as cancellation charges and the materials associated with those charges which have been documented and forwarded to GE in accordance with GE's Fulfillment Team directives.

I would very much appreciate a response to the above questions as soon as possible in order to be able to fully comply with your requests within the stated timeframe. Please contact either myself by phone (518) 355-2000 or Peter Pastore (518) 447-3200 to discuss these issues.

Sincerely,
Gary A. Feuz

To: Feuz's non-GE Customers

Re: GE's CEASE and DESIST NOTIFICATION

Dear non-GE Customer:

Feuz Manufacturing, Inc. has received a "CEASE and DESIST NOTIFICATION" from the General Electric Company's Intellectual Property Counsel demanding that Feuz immediately cease and desist using GE's IP to assist in the manufacture of parts/products for Feuz's non-GE customers. We advised GE that we agree to immediately cease and desist the infringed activities and fully comply with their request.

We must immediately cancel any and all orders you presently have placed with us. We must also inform you that we are not at liberty to continue a business relationship with you in the future. I apologize for this action with no alternative.

Sincerely,

Gary A. Feuz
